

# The Warblington Cist

- Conservation and analysis of this unique object was the highest priority
- Packed in a crate and sealed in a plastic bag, the cist was delivered to the Institute of Archaeology at University College London (UCL).
- The project was executed by John Merkel and Luciana Carvalho
- The project was funded by
  - Chichester Harbour Conservancy
  - Hampshire County Council
  - Members of the Chichester and District Archaeology Society

Hampshire  
County Council
