

A very warm welcome to the ESC Centenary Exhibition!

The exhibition has been collated over the last two years by a small team of volunteer members. I would like to thank them for their hard work, as well as the many other members who have made contributions in one way or another. Thank you too to Ali Beckett for her patience and invaluable professional input.

Do take time to look at:

- the fantastic animation showing the changing shape of the Clubhouse over our 100 years, along with some short video clips of activities at the Club from the 1960s through to the 1990s, including seamanship training, junior activities in 1995, the first Martlet sessions, and some junior racing. See if you are in the films! The video continues with reminiscences from our longest serving club member taking us back nearly 70 years
- the display panels which show different aspects of Club and harbour life over the years
- the members' photo wall - do please add any names, dates, or information that you have about specific pictures
- the rolling slideshow comprising a hundred or so photos of Club life, stretching back as far as the archives will take us
- the display cases of memorabilia and artefacts including mementos of our most famous sailor, Sir Peter Blake

Then fill in a luggage label or two with any personal memories or anecdotes that you have of life at the Club.

The exhibition will be on display for all of June so take your time and come back again!

Michael Geary
Commodore
